**Salt Lake Community College is offering a “Concurrent Enrollment Transition Tuition Waiver”. Students must have completed 6 credit hours (two concurrent classes) and have a GPA of 3.0 or better in those classes. The waiver will give a tuition break of \$500 each, for the fall and spring semesters. The deadline to apply for this waiver is early February. See Mr. Wood for more information.**

**NOTE: This is for current seniors entering SLCC in the fall!**

**All students will need to decide whether or not to take exams and order their exams by Nov 15, 2023. All students who register for their AP exam after Nov 15, 2023, will be assessed \$40.00/exam late fee. In addition, a \$40.00/exam cancellation fee will be assessed for any exam order canceled after Nov 15, 2023.**

**Step 6: Check Graduation Requirements**

Once you are registered for your IB Groups 1-6 classes, **it is important to ensure that you are on track for your high school diploma as well.** Log onto your Skyward account and ensure that you are on track and registered for courses you need; make adjustments accordingly.

*\*If specific Utah high school graduation requirements are not complete by the beginning of your senior year, you are in danger of being removed from your IB courses and placed into the courses you need for graduation.*

**Step 7 (CP Students): Meet with Mr. Wood**

All CP students need to meet with Mr. Wood to complete their 2-year Career Pathway. If you are interested in attending CTEC as well, you must complete an online application.

**CANYONS TECH CENTER**

If you are interested in attending CTEC you must complete an online application. For questions see Mr. Wood. Visit [ctec.canyonsdistrict.org](http://ctec.canyonsdistrict.org) to apply.

**Step 8: Making Your Course Requests**

The Skyward Window for Course Requests opens January 31<sup>st</sup> through February 8<sup>th</sup>. Course selections must be made during this time.

For questions specific to IB courses and scheduling, please contact the IB Coordinator, John Olsen, at:

Email: [john.olsen@canyonsdistrict.org](mailto:john.olsen@canyonsdistrict.org)

Phone: 801-826-6118

We asked Hillcrest IB alumni questions about their experience at Hillcrest:

- 1. What was your favorite IB subject. And why?**
- 2. How has IB helped you in college or in life after high school?**
- 3. Where are you now?**

# Why Hillcrest IB?

*Ian Tsai, Class of 2021*

*My favorite IB subject would have to be TOK since it was unlike any class I've taken in high school. The concepts and lessons helped me learn more about the world and myself rather than a specific academic subject. IB has (fortunately) given me a lot of college credit, granting me a higher academic standing going in. I've also developed a lot of interpersonal skills that have been useful throughout my college career. I am currently at the University of Washington studying computer science! With the help of various scholarships and sponsorships from companies like Google, I can continue my academic journey in the state of Washington.*

*Lucas Bolster, Class of 2022*

*Although it's a tough decision, my favorite teacher was Mr. Herlin. On top of being very knowledgeable and passionate about what he taught like the other IB teachers, I felt that he was clearest and most understanding of the ways students learn and how they might not fully grasp a concept. Right now I am at the University of Utah studying mechanical engineering as a member of this year's Eccles Cohort. So far I've been able to meet a lot of really cool people and diverse perspectives in the cohort, in my honors classes, and in the engineering department. Right now I'm applying to a few undergraduate research and internship positions that I'll likely start up next semester or next summer.*

*Selena Yu, Class of 2022*

***IB has been such a big help in college. The workload definitely prepared me well for the reading and writing that I'm doing now. I also think the way IB taught me to approach learning was really special, not only for school work but also for how I see the world. I'm now at UCLA studying applied mathematics!***

*Alex Sun, Class of 2018*

*I'm now in my junior year at Stanford University, majoring in physics and possibly double majoring in computer science if I can fit it in!*

*Since I've started in college, I've continued taking physics and math and continued loving it, and have also been able to spend a quarter as a research assistant to Pat Burchat, a physics professor at Stanford who studies dark matter and dark energy through gravitational lensing. I also work part time at Stanford as a peer tutor for the introductory math and physics sequences.*

*In short, I'm still a physics and math guy, and I'm loving it. Shoutout to Mr. Herlin (IB Math) and Ms. Clark (IB Physics, has since left Hillcrest) for nurturing my curiosity and helping me on the path to pursue science and math post-high-school.*

### Step 4: Total Your Credits

Copy the Required credit amount from Step 1:

(Step 1 found on the front page) **3.5**

Total your elective credits here:

(Steps 2 & 3) **4.5**

Add the two numbers above together:

Add Total: **8**

Your total should equal 8.0 (7.0 if you selected Release Time for both semesters).

### Step 5: Alternate Choices (Req.)

The computer will generate a schedule for you based on your course requests. However, due to possible class conflicts you must choose alternate classes. There is a strong possibility that some of your alternate choices may be placed in your schedule so choose carefully!

FILL IN ALL FOUR ROWS

#### Full Year Alternates (1.0)

Course # **13440**

Course Title **Orchestra**

Course # **81240**

Course Title **Digital Media**

#### Semester Alternates (0.5)
