Welcome to Hillcrest High School! We look forward to working with our school community to prepare students to be college and career ready by ensuring our students receive a quality and equitable education.

VISION: RIGOR, RELEVANCE, RELATIONSHIPS. EVERY HUSKY, EVERY DAY!

ACADEMICS

The primary goal of grading is to provide high quality feedback to parent/guardians and students; enabling them to clearly understand a student’s progress, appropriately support the learning process and encourage student success.

Student’s grades will demonstrate what a student knows, and performs within the current quarter. In order to earn credit, student’s must pass their class with a D- or higher.

Teachers will be given the flexibility to evaluate students with a grade that reflects their engagement, regular attendance, and grit. This includes students with IEPs and/or 504s, English Language Learners, and refugees.

School-Wide Writing Rubrics

Writing matters for success in school, the community, and workplace. The school-wide rubric provides explicit instruction that focuses on demonstrating how to communicate effectively with power and purpose.

The writing rubrics can be found on the HHS website under the parent/student resource tab.

HOW ARE GRADES WEIGHTED?

Grades will be weighted at a minimum: 80% formal assessments 20% daily instruction and practice work

Teachers will give a minimum of four formal assessments per quarter, three of which can be retaken following the teacher retake policy. (see test retake policy).

All students will receive equitable treatment.

How to Be Good Students

Students are expected to complete all course work and assessments with academic integrity.

Academic integrity focuses on honesty, trust, fairness, respect, and responsibility. Students should complete all coursework in a manner that embodies these values and promotes hard work and honest effort. A violation of the HHS academic integrity policy is considered academic misconduct. Departments will be responsible to publish their own academic misconduct procedures.

LA TE WORK POLICY

Departments will be responsible to publish their own retake exam criteria. HHS minimum retake criteria includes no missing daily practice work, and first test must be taken.

Daily practice work will only be accepted when turned in during the current unit.

Remember 80% of your grades are based on formal assessments. Turning daily practice work in late or incomplete will not produce effective grades. (refer to individual department disclosures for deadlines).

# Hillecrest Technology Guidelines

## District Policy

**Allows:**

Use of cell phones and other technology during non-academic time. During academic time students are asked to follow reasonable classroom rules that require distracting devices to stay unmonitored and out of sight.

## HHS Classroom

**Students will receive direct instructions from teachers on appropriate technology use during class time.**

Students will be allowed to ask questions and check their understanding of the classroom rules.

## Interventions

1. Electronic device classroom rules will be explained.
2. Student distracted by device will be given a warning to put device away and out of sight.
3. If the warning is not heeded, students will be given a Vaultz 5x8 lockable pouch in which to place their device.
4. The pouch will be unlocked by the teacher at the end of the class.
5. Students who do not comply may be referred to administration for disrupting class.

## Vaultz 5x8

The pouch with the device locked inside will remain always with the student for the remainder of the class period. Upon the second offense the teacher may opt to lock the pouch for the remainder of the school day.

Phone may not be available for emergencies once it is in the pouch.

## Emergencies

HHS understands emergencies happen and students at times need to contact parents. In those cases students should ask the teacher for permission to contact a parent or guardian.
