# SLCC CE TRANSITION SCHOLARSHIP

*Salt Lake Community College offers SLCC concurrent enrollment students a full-tuition scholarship for the first two semesters at SLCC after high school graduation.*

## **Step 1 – Complete a Minimum of 6 SLCC Concurrent Enrollment Credits**

Six credits is approximately 2 concurrent enrollment classes, depending on the class. The classes must be SLCC concurrent enrollment classes and not concurrent enrollment classes from other Utah colleges or universities.

## **Step 2 - Do Well in Those Classes**

You need to earn a 2.0 GPA or better after taking two or more SLCC CE classes. If your GPA is below that, and it's not the last semester of your 12th grade year, you can always take another SLCC concurrent class, perform well in that class, and improve your GPA.

## **Step 3 - Apply for Admissions**

To be eligible for the scholarship you need to change your status from a concurrent enrollment student to a traditional college student by completing the SLCC admissions application. You can find instructions on how to do that at <https://www.slcc.edu/admissions/application-steps.aspx>.

## **Step 4 - Apply for Federal Financial Aid**

Follow the steps on the [Financial Aid](#) website to apply for federal financial aid via the FAFSA

## **Step 5 - Register for Classes**

Students who register for 6 or more credits their first semester after high school graduation will automatically receive a full tuition scholarship for their first two semesters at SLCC. CE Transition Scholarship recipients will need to continue taking at least 6 credits each semester and maintain a 2.0 GPA for the two consecutive semesters the scholarship has been awarded in order to continue receiving the scholarship each semester.

The page is decorated with several colorful butterflies and stylized flowers. In the top left, there is a small orange and black butterfly. In the top right, a large teal and orange butterfly is prominent. On the left side, a large orange and black butterfly is partially visible. At the bottom left, another orange and black butterfly is shown. The background is white with scattered yellow and orange starburst flowers and a red flower at the bottom right.
